

WEBINAR ON INDUSTRIAL READINESS & MANAGEMENT SKILLS

Date: December 26, 2020

Speaker: Mr. Sanjay Jha (SR. VP BD & OEM Relations, Mahindra first choice wheels)

Sanjay Jha, a proud alumnus of our institute a metallurgical engineering graduate in 1998 took charge and shared his delight at being invited to deliver a talk with the students of his alma mater. He discussed how economic changes diversified the scenario of employment and the realm of opportunities that has evolved in the present times. He called it an age of disruption and on that note, called for the importance of perceptual clarity and adaptability. He further talked about rising philosophy and how the same has been deployed by the Mahindra group and related firms. He elaborated the concepts of lateral growth and seamless movement in a variety of roles, along with digital orientation in innovation-led transformation.
