

# WEBINAR ON DIGITAL TRANSFORMATION OF INDUSTRIES

**Date: November 21, 2020**

**Speaker: Mr. Ashish Ranjan (Chief Digital Officer, National Engg. Industries Ltd)**

Mr. Ranjan, a proud alumnus of BIT Sindri, talked about what digitalization is using anecdotes and how broad the dimension of today's digital world is. Digital technology is rapidly shifting from being a driver of marginal efficiency to an enabler of fundamental innovation and disruption. He made the students aware of the variety of Career paths that the students can choose from, being engineering undergraduates. He focused on the necessity of a learning attitude and staying on one's toes when it comes to building expertise. The webinar moved to the highly demanded skill-sets and the Career opportunities available in each of these.

Adding in, Dr Ghanshyam enlightened the students further about Industry 4.0 the most recent advancements in the technical as well as the management sector with the emergence of Big Data, Hadoop and competitive programming.
